# Natural Resource Conservation
# **Curriculum Plan**

All students majoring in Natural Resources Conservation must complete this Curriculum Plan before the start of their second semester taking upper-division, major coursework. This Plan must be approved and signed by your faculty advisor and turned into the Academic Services Coordinator (121 Newins-Ziegler Hall). If you do not have a faculty advisor please visit the Academic Services Coordinator.

---

The Curriculum Plan must include the following:

- **8 Core courses**
  - FOR3200C *Foundations in Natural Resource Conservation*
  - FNR3131C *Dendrology and Forest Plants*
    **or** WIS3402/L *Wildlife of Florida/Lab*
  - FOR3153C *Forest Ecology*
    **or** WIS4934 *Natural Resource Ecology*
  - FNR3410C *Natural Resource Sampling*
  - FNR4660 *Natural Resource Policy and Economics*
  - FOR3202 *Society and Natural Resources*
  - FNR4624C *Field Operations for Management of Ecosystems*
  - FNR4623C *Integrated Natural Resource Management*
- **Planned courses** – additional courses chosen with advising to provide additional academic preparation, and sufficient to complete 60 upper-division credits.

---

Once approved, this Plan is a contract of courses required for the major. Student may make changes to their Curriculum Plan when the course has been cancelled or a scheduling conflict occurs. When updating the Curriculum Plan:

- Cross out old course.
- Add new course information to the next available line in that semester.
- Have Faculty Advisor initial and date in the New column next to the new course.
- Submit updated plan to Academic Services Coordinator upon approval of change.
