

Managing Pine Forests for Multiple Goals

Crescent Lake Hunt Club / Seminole Landing Property
Putnam and Flagler Counties, Florida

Date: August 22, 2018

Location: 843 East Highway 100, San Mateo, FL (map on back)

Meet at the property at 9:00 AM ET; adjourn after lunch (Provided)

This tour will feature examples of wildlife habitat enhancement (natural and food plots), silvicultural operations to improve pine forests, understory enhancement (saw palmetto and muscadine reduction), invasive species management, and discussions about cost-shares.

Join us to explore the possibilities that flatwood pine forest management has to offer, learn about sustainable forestry and wildlife habitat management. Connect with the local and statewide professionals and resources that are available to assist in your land management. Most of the tour will involve riding in vans or open trailers with several discussion stops and a short walk or two. Please wear appropriate clothing, footwear and bring rain gear in case of wet weather.

Register: This event is free but pre-registration is required. Reserve a space by contacting Greg Dunn, Greg.Dunn@FreshFromFlorida.com, (904) 209-0430 or Conrad Wysocki, Conrad.Wysocki@FreshFromFlorida.com, (386) 329-3717. **Space will be limited so register soon.** Please share this announcement with others who may be interested.

Funding for this event is provided by the Florida Tree Farm Program, USDA Forest Service through the Florida Department of Agriculture and Consumer Service's Florida Forest Service, and the Florida Sustainable Forestry Initiative Implementation Committee.
