Plt School Program
A special designation which signifies that at least fifty percent of the teaching faculty have participated in a PLT educator workshop. Schools are invited to the bi-annual PLT Schools’ Conference to engage in hands-on learning and collaborate with other educators from around the state. Additional requirements differ for elementary, middle, and high schools.

PreK-8 Activity Guide
Manual contains 96 multidisciplinary activities grouped by theme, storyline, and subject matter. Emphasis on reading connections, technology elements, and authentic assessment techniques are found throughout the guide. Topics include: forests, wildlife, water, community planning, waste management, and energy.

Urban Forest Supplement
New activities help youth see their community’s urban forests as significant, valuable, and worth sustaining.

Early Childhood Experiences
PLT’s Early Childhood guide and CD integrates nature-based exploration, art, literature, math, music and movement, and outdoor play into early childhood education programs.

Secondary Education
Interdisciplinary modules for grades 9-12 encompass key concepts from social science, humanities, sciences, and math. Modules currently available are: Places We Live; Biodiversity; Focus on Forests; Forest Ecology; Forests of the World; Focus on Risk; Municipal Solid Waste.

Places We Live Online Training
This self-paced training provides educators with a useful tool for placed based education to help create a bond between young citizens and their communities.

GreenWorks!
This service-learning component of PLT provides grants up to $5000 to PLT-trained educators to implement a service-learning project.

For a list of scheduled teacher workshops or details on hosting a workshop, visit our web site at http://sfrc.ufl.edu/plt or contact Nancy Peterson, Florida PLT Coordinator, Email: njp@ufl.edu

There is a $20 registration fee for all workshops.
