

CURRICULUM VITAE

Micheal Shawn Allen, Ph.D.
Professor and Associate Director
School of Forest Resources and Conservation
Institute of Food and Agricultural Sciences
The University of Florida
7922 NW 71st St.
Gainesville, Florida 32653-3071
352-273-3624
msal@ufl.edu

Education

- Ph.D. Fisheries Management and Statistics, 1996. Department of Wildlife and Fisheries Sciences, Mississippi State University. Dissertation title: Evaluating the effects of harvest regulations on crappie and angler populations.
- M.S. Fisheries Management, 1992. Department of Fisheries and Allied Aquacultures, Auburn University, Auburn, Alabama. Thesis title: Spatial and temporal heterogeneity of larval shad in a large impoundment.
- B.S. Fisheries Ecology, 1990. Department of Fisheries and Wildlife Sciences, Texas A&M University, College Station, Texas.

Professional Positions

- 2009-current. Professor, School of Forest Resources and Conservation, The University of Florida.
- 2003-2008. Associate Professor, Department of Fisheries and Aquatic Sciences, The University of Florida.
- 1997-2003. Assistant Professor, Department of Fisheries and Aquatic Sciences, The University of Florida.
- 1996-1997. Visiting Assistant Professor, Department of Fisheries and Allied Aquacultures, Auburn University

Courses Taught

Fish Population Dynamics, 4 credits. Spring term of odd years since 1998, UF, FAS 6337C - A graduate-level course addressing quantitative assessment of fish populations. Course instructs students in the analysis of fish populations including growth, mortality, and recruitment parameter estimation. Statistical analyses of data are emphasized along with age-structured fish population models, catch-at-age models, and the use and misuse of these methods for fishery predictions. Modeling is used to make management recommendations using fishery data from Florida and other states in the southeastern U.S.

Ecological Statistics, 3 credits. Fall terms starting 2006, UF, ALS 5932 – A graduate level course that demonstrates common statistical methods used in ecological field studies. The course includes sections on measures of species richness, diversity, evenness. Experimental design for ecological monitoring programs is emphasized, and data analysis methods including both frequentist (e.g., regression and ANOVA), maximum likelihood, and Bayesian approaches are used. This course is team taught by faculty in the School of Forest Resources and Conservation, and the Statistics departments at UF.

Field Ecology of Aquatic Organisms, 4 credits. Summer term each year since 1998, UF, FAS 5276C - This course is a field-oriented split-level course that investigates the diverse aquatic habitats found in Florida. Students gain an understanding of plant and animal community structure across a range of lakes, rivers and coastal marshes. Extensive field trips are required and encompass about 3/4 of the total class time. Enrollment includes advanced undergraduates and beginning graduate students.

Graduate Students

Name	Years	Degree	Position and Current Employer
Stephanie Shaw	2010-present	Ph.D.	GRA, UF
Dave Chagaris	2009-present	Ph.D.	Biologist, FWC
Dan Gwinn	2009-present	Ph.D.	Biological Scientist, UF
Janice Kerns	2009-present	Ph.D.	GRA, UF
Erin Settevendemio	2011-present	MS	GRA, UF
Kyle Wilson	2011-present	MS	GRA, UF
Bryan Matthias	2010-present	MS	GRA, UF
Bobby Harris	2009-2011	MS	GRA, UF
Matt Hangsleben	2009-2011	MS	GRA,UF

Aaron Bunch	2007-2009	MS	Arizona Game and Fish
Patrick O'Rourke	2007-2009	MS	Georgia DNR
Linda Lombardi	2010-2012	Ph.D.	Fisheries Biologist, NOAA
Matt Catalano	2005-2009	Ph.D.	Post Doctoral Researcher, Mich. St.
Alexia Morgan	2004-2008	Ph.D.	FL Museum of Natural History
Mark Rogers	2003-2007	Ph.D.	Post doctoral researcher, UF
Caleb Purtlebaugh	2004-2007	MS	Biologist, Florida Fish and Wildlife Conservation Commission (FWC)
Travis Tuten	2004-2007	MS	Biologist, FWC
Greg Binion	2005-2007	MS	Biologist, FWC
Jason Dotson	2005-2007	MA	Biologist, FWC
Drew Dutterer	2005-2006	MS	Biologist, UF
Nick Trippel	2004-2006	MS	Biologist, FWC
Christian Barrientos	2004-2005	MS	Ph.D. student, UF
Tim Bonvechio	2003-2005	MS	Biologist, Georgia DNR
Patrick Cooney	2003-2005	MS	Biologist, Coop Unit, NC State University
Jim Berg	2001-2004	MS	Biologist, consulting firm in CT
Kevin Dockendorf	2000-2002	MS	Biologist, North Carolina Wildlife Resources Agency
Kristin Henry	2000-2002	MS	Data Analyst, Florida FWC
Kim Bonvechio (Tugend)	1999-2001	MS	Biologist, FWC
Powell Wheeler	1999-2001	MS	Biologist, North Carolina Wildlife Resources Agency
Bill Pine	1997-1999	MS	Assistant Professor, UF

Awards Received by Students of M. Allen*

Graduate Student of the Year (MS), Kyle Wilson 2013. Fisheries and Aquatic Sciences Program The University of Florida.

Recipient, Kyle Wilson. 2013. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Finalist, Best Student Paper Award. Stephanie Shaw. 2012. Annual Meeting, Southern Division of the American Fisheries Society, Biloxi, MS.

Recipient, Janice Kerns. 2011. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Grinter Graduate School Fellowship, Janice Kerns. 2010. The University of Florida.

Best Dissertation Award, Matt Catalano. 2009. Fisheries and Aquatic Sciences Program, School of Forest Resources and Conservation, The University of Florida.

Recipient, P. O'Rourke. 2009. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Outstanding Graduate Student of the Year 2008, M. Catalano (Ph.D. Winner), Department of Fisheries and Aquatic Sciences, The University of Florida.

Best Paper, 2007 Southeastern Regional Conference of the North American Lake Management Society. M. Rogers and M. Allen. Hurricane impacts to Lake Okeechobee: altered hydrology creates difficult management trade offs.

Best Student Paper, 2007 Annual Meeting, Florida Chapter of the American Fisheries Society. J. Dotson, M. S. Allen, B. Johnson, and J. Benton. Effects of commercial gillnet bycatch on black crappie abundance and angler catch at Lake Dora, Florida.

Runner up, Best Student Paper, 2007 Annual Meeting, Florida Chapter of the American Fisheries Society. L. Coggins, M. Catalano, M. Allen, W. Pine, and C. Walters. Effects of discard mortality on fisheries sustainability and performance.

Recipient, M. Catalano. 2007. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Recipient, M. Rogers. 2006. Skinner Award, an international student award presented by the American Fisheries Society.

Recipient, D. Dutterer. 2005. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Outstanding Graduate Student of the Year 2005, M. Rogers (Ph.D. winner), Department of Fisheries and Aquatic Sciences, The University of Florida.

Robert M. Jenkins Memorial Reservoir Research Scholarship, 2005. M. Rogers. Awarded by the Southern Division AFS Reservoir Committee.

Best Student Paper Award, 2004 Annual Meeting, Florida Chapter of the American Fisheries Society. P. Cooney and M. S. Allen. Effects of artificially introduced groundwater on fish assemblages in Central Florida Lakes.

Outstanding Graduate Student of the Year 2003, P. Cooney, Department of Fisheries and Aquatic Sciences, The University of Florida.

Recipient, T. Bonvechio. 2003. Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Honorable Mention, Best Student Paper Award, 2002 Annual Meeting, Florida Chapter of the American Fisheries Society. K. Henry and M. S. Allen. 2002. Evaluation of largemouth bass exploitation and potential harvest restrictions at Rodman Reservoir, Florida.

Outstanding Graduate Student of the Year 2001, K. Dockendorf (one of two winners that year), Department of Fisheries and Aquatic Sciences, The University of Florida

Honorable Mention, K. Tugend. 2001 Skinner Award, an International Student Award presented by the American Fisheries Society.

Best Student Paper Award, 2001 Annual Meeting, Florida Chapter of the American Fisheries Society. K. Tugend and M. S. Allen. 2001. Effects of Habitat Enhancement on Plant and Fish Communities at Lake Kissimmee, Florida.

Recipient, K. Tugend. 2001 Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Honorable Mention, P. Wheeler. 2001 Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Honorable Mention, K. Tugend. 2000 Roger Rottman Memorial Scholarship Award, Presented by the Florida Chapter of the American Fisheries Society.

Outstanding Graduate Student of the Year 1999, W. E. Pine III (one of two winners that year), Department of Fisheries and Aquatic Sciences, The University of Florida.

Honorable Mention, Best Student Paper Award, 2000 Annual Meeting, Florida Chapter of the American Fisheries Society. A. P. Wheeler and M. S. Allen. 2000. Important Microhabitats for Shoal Bass in the Chipola River, Florida.

Best Student Paper Award, 1999 Annual Meeting, Florida Chapter of the American Fisheries Society. W. E. Pine III and M. S. Allen. 1999. Differential growth and survival of early vs. late-hatched black crappie in Lake Wauberg, Florida.

Honorable mention, W. E. Pine III. 1999 Skinner Award, an international student award presented by the American Fisheries Society.

*includes only awards received by students while under the direction of M. Allen.

Grant Proposals Funded

- 2011-2016. NOAA Recruiting, Training, and Research Center. \$1,600,000 for five years.
- 2011-2013 Evaluating Fish Habitat Quality in Dense Hydrilla Managed with Different Herbicide Approaches. Florida Fish and Wildlife Conservation Commission (FWC) 240,000 for three years.
2010. Ecosystem-based fishery management: a potential interdisciplinary approach to evaluating grouper harvest policies. Florida Sea Grant. \$200,000 for two years.
2009. Evaluation of a long term monitoring for fish in Florida lakes. Florida Fish and Wildlife Conservation Commission. \$55,000 for two years.
2009. Measuring boat electrofishing catchability. Florida Fish and Wildlife Conservation Commission. \$62,000 for two years.
2009. Assessment of largemouth bass mortality components. Florida Fish and Wildlife Conservation Commission. \$203,000 for three years.
2009. Population model for largemouth bass at the Kissimmee Chain of Lakes. South Florida Water Management District. \$39,000 for one year.
2008. Age and growth of gizzard shad at the Harris Chain of Lakes with implications for

- biomanipulation. St. Johns River Water Management District. \$37,000 for one year.
2008. Evaluation of optimal sampling strategies for fisheries at Lake Okeechobee. South Florida Water Management District. \$50,000 for one year.
2008. A model to evaluate management policies at the Kissimmee Chain of Lakes. South Florida Water Management District \$48,000 for one year.
2007. Evaluation of largemouth bass genetic diversity through the hatchery process. Florida Fish and Wildlife Conservation Commission. \$200,000 for two years. (with Jim Austin WEC/SFRC)
2008. Use of Ecopath with Ecosim models to predict effects of fish habitat restoration efforts. Florida Fish and Wildlife Conservation Commission. \$181,000 for two years.
2007. Evaluation of creel survey data at Lake Okeechobee. South Florida Water Management District. \$43,750 for one year.
2007. Is it possible to relate relative year class strength of fish to riverine water levels? Florida Fish and Wildlife Conservation Commission. \$65,000 for one year. (with Bill Pine, WEC/SFRC) FWC/
2007. Age and growth of gizzard shad in the Harris Chain of Lakes. St. Johns River Water Management District. \$65,000 for two years.
2007. Implications of climate change to warmwater fisheries in the USA. Wildlife Management Institute, Washington, DC. \$25,000 for one year.
2007. A population model to predict largemouth bass responses to lake management at the Kissimmee Chain of Lakes. South Florida Water Management District. \$45,000 for one year.
2007. Analysis of historical fisheries data at Lake Okeechobee. South Florida Water Management District. \$45,000 for one year.
2007. Simulation of sample size requirements for age and growth of fish. Florida Fish and Wildlife Conservation Commission. \$65,000 for one year. (with B. Pine, FAS)
2007. Age and growth of gizzard shad in the Harris Chain of Lakes. St. Johns River Water Management District. \$65,000 for two years.
2006. Experimental evaluation of a habitat enhancement project on wildlife and fish communities at Gant Lake, Florida. Florida Fish and Wildlife Conservation Commission. \$210,000 for three years. (with W. Kitchens, Florida Cooperative Fish and Wildlife Research Unit)
2006. Assessment of critical aquatic plant habitats for maintaining fish diversity at Lakes Kissimmee and Istokpoga, Florida. Florida Fish and Wildlife Conservation Commission.

- \$124,000 for two years.
2005. Littoral zone hydroperiod influences on aquatic plant, invertebrate, and vertebrate communities. South Florida Water Management District. \$50,000 for one year. (with K. Havens)
 2004. Effects of gizzard shad removal on nutrient cycling and gizzard shad population dynamics in Florida Lakes. St. John's River Water Management District, Florida Fish and Wildlife Conservation Commission, and the South Florida Water Management District. \$413,796 over three years.
 2004. Important microhabitats for spotted sunfish in the Manatee, Little Manatee, and Anclote Rivers, Florida. Southwest Florida Water Management District. \$120,000 over two years.
 2003. Fish community assessment in the Alafia River, Florida. Florida Fish and Wildlife Conservation Commission. \$25,000 for one year.
 2002. Hatching distribution, growth, and survival of age-0 largemouth bass across a latitudinal gradient of Florida Lakes. Florida Fish and Wildlife Conservation Commission. \$167,458 over three years.
 2002. Analysis of long-term fish community data for Florida Rivers. Florida Fish and Wildlife Conservation Commission. \$30,000 for one year.
 2002. Fish community above and below a small dam on Etonia Creek, Florida. JEA Associates. \$59,616 over three years.
 2002. Investigation of effects of variable flows on water chemistry gradients and fish communities in the Lower Hillsborough River, Florida. Southwest Florida Water Management District. \$61,137 for two years. (with D. Murie)
 2001. Effects of water level fluctuations on year class strength of sport fishes in ten Florida waterbodies. Florida Fish and Wildlife Conservation Commission. \$58,000 over two years.
 2001. Investigation of zooplankton abundance in three Florida Lakes. Florida Fish and Wildlife Conservation Commission. \$30,000 for one year.
 2001. An evaluation of fish and invertebrate communities in Sulphur Springs, Florida. Southwest Florida Water Management District. \$64,664 over two years. (with D. Murie)
 2001. Population assessment of Gulf of Mexico sturgeon in the Yellow River, Florida. U.S. Fish and Wildlife Service. \$60,000 over two years. (with K. Sulak, USGS)
 2000. Assessment of fish and diatom communities in augmented Florida Lakes. Southwest Florida Water Management District. \$128,925 over two years. (with T. Whitmore, University of South Florida)

- 2000. Evaluation of largemouth bass exploitation and a potential harvest restriction at Rodman Reservoir, Florida. Florida Fish and Wildlife Conservation Commission. \$69,878 over two years.
- 2000. Radium-226 in sediments and biota of groundwater-augmented lakes. Southwest Florida Water Management District. \$122,500 over two years (with M. Brenner and T. Whitmore, UF)
- 2000. Investigation of black crappie recruitment in three Florida Lakes. Florida Fish and Wildlife Conservation Commission. \$23,000 for one year.
- 1999. Effects of water-level fluctuations on the fisheries of Lake Tarpon. Pinellas County Department of Environmental Management. \$150,000 over four years.
- 1999. A model to assess populations dynamics of Gulf of Mexico sturgeon in the Suwannee River, Florida. Florida Fish and Wildlife Conservation Commission. \$63,809 over three years.
- 1998. Important microhabitats for shoal bass in the Chipola River, Florida. Florida Fish and Wildlife Conservation Commission. \$77,553 over three years.
- 1998. Effects of a habitat enhancement on habitat quality and largemouth bass recruitment at Lake Kissimmee, Florida. \$118,532 over three years.
- 1998. Fish population investigations in three Tampa-area lakes. Southwest Florida Water Management District. \$11,875 over one year.

International Experience

- 2010. Visiting Scientist, Leibniz-Institute of Freshwater Ecology and Inland Fisheries, Berlin, Germany.
- 2008, 2009, 2010. Visiting Scientist, Victoria Department of Primary Industries, Fisheries Victoria, Melbourne Australia (stationed in Victoria for periods of three weeks to several months each year)
- 2005. Visiting Scientist, Queensland Department of Primary Industries, Deception Bay, Queensland, Australia (six month sabbatical)
- 2003. Cooperated with Guatemalan government to evaluate effects of non-native *Hydrilla* on native fish communities

Chair, Tenure and Promotion Committee. 2013. Institute of Food and Agricultural Sciences, the University of Florida.

Member, Tenure and Promotion Committee. 2012. Institute of Food and Agricultural Sciences, the University of Florida.

Member, Graduate Programs Committee, School of Forest Resources and Conservation, 2009-present.

Chair, Search and Screen Committee, Quantitative Fisheries Faculty Position, SFRC, 2009-2010.

Chair, Faculty Advisory Committee, School of Forest Resources and Conservation, University of Florida 2009.

Member, Faculty Advisory Committee, School of Forest Resources and Conservation, University of Florida 2008-present.

Founding Member, IFAS Committee on Animal Care Procedures 2007 - present.

Member, Teaching Evaluation Committee for Christie Staudhammer, SFRC, 2007-present.

Member, Mentoring Committee for Bill Pine, Assistant Professor FAS, 2006 - present.

Member, Mentoring Committee for Courtney Ohs, Assistant Professor FAS, 2006-2008.

Chair, Mentoring Committee for Jeff Hill, Assistant Professor FAS, 2006 - 2008.

Organized FAS participation in the IFAS activities for National Agriculture Week 2005. FAS graduate students collected fish and water chemistry samples from stream behind UF President home, and presented these results with other IFAS students.

Faculty Advisor, graduate student organization for Fisheries and Aquatic Sciences, 2005-present.

Chair, Search and Screen Committee, Assistant Professor, Stream Fisheries Scientist, Fisheries and Aquatic Sciences 2004-2005.

Member, Mentoring Committee for Shirley Baker, Assistant Professor FAS, 2004 - 2008.

Founding member, UF Program for Environmental Statistics 2004.

Vice-Chair, Search and Screen Committee, Department Chair, Fisheries and Aquatic Sciences, 2004.

Member, University of Florida Faculty Senate, 2002-2004 academic years.

Chair, Freshwater Programs Committee, Department of Fisheries and Aquatic Sciences, 2000-2008. Duties include communicating among faculty in the Freshwater Program, funding priorities, and representative on the Departmental Executive Committee.

Chair, Blountstown Program Review Committee, Department of Fisheries and Aquatic Sciences, 2000-2002

Member, Graduate Curriculum Committee, Department of Fisheries and Aquatic Sciences, 2000-present

Member, Information Technology Committee, Department of Fisheries and Aquatic Sciences,

2000-2001

Member, Vehicle and Boat Committee, Department of Fisheries and Aquatic Sciences, 2000-2001

Member, Dept. Fisheries and Aquatic Sciences Executive Committee, 1999-2004.

University of Florida Commencement Marshall, 1999-2001 academic years

Professional Activities

President, 2013. Southern Division of the American Fisheries Society.

Time and Place Committee, 2011 to present. American Fisheries Society.

Invited Panelist, 2008, meeting of the North American Black Bass Coalition (NABBC). Session for the panel addressed effects of fishing on black bass populations. American Fisheries Society Annual Meeting, Ottawa, Canada.

Co-Chair, Program Committee, Fourth International Reservoir Symposium. Hosted by the Southern Division American Fisheries Society Reservoir Committee. Symposium entitled "Balancing fisheries management with competing water uses for impounded river systems". June 6-9, 2007, Atlanta, Georgia.

Invited Panelist, 2007, Environmental Peer Review for the Kissimmee Basin Long Term Management Plan. South Florida Water Management District.

Invited Panelist, 2005, Review of the Kissimmee Chain of Lakes Conceptual Ecosystem Model. South Florida Water Management District.

President, 2004, Florida Chapter of the American Fisheries Society.

Member, 2001 - 2006, Skinner Award Committee, a National Student Award presented by the American Fisheries Society.

Chair, 2002 to 2006, Membership Committee of the Education Section, American Fisheries Society.

Member, 2002, Southern Division Representative to the American Fisheries Society Nominating Committee

Judge, 2002, Best Student Paper Award, Annual Meeting of the American Fisheries Society, Baltimore, Maryland.

Member, 2002 Southern Division Representative to the American Fisheries Society Nominating Committee.

Member, 2002 Skinner Award Committee, a National Student Award presented by the American Fisheries Society.

Judge, 2001, Best Student Paper Award, Annual Meeting of the American Fisheries Society, Phoenix, Arizona.

Cochair, Program Committee for the 2001 Southern Division American Fisheries Society Annual Meeting, Jacksonville, Florida.

Member, Steering Committee. Black Bass Symposium 2000. A national symposium sponsored by the American Fisheries Society, St. Louis, Missouri.

Instructor, Continuing Education Short Course, 1999 Southern Division American Fisheries Society Mid-Year Meeting, Chattanooga, Tennessee. Course title: Uses of the Internet for Fisheries Research and Management. Attended by 50 students and professionals from the Southeastern U.S.

Member, Southern Division of the American Fisheries Society (AFS) Program Committee 1998-1999.

Chair, Reservoir Committee, Southern Division of the American Fisheries Society 1998-2000.

Member, Florida Chapter of the American Fisheries Society 1997- present.

Member, Fisheries Action Network Committee, AFS, 1995.

Member, Mid-South Aquatic Plant Management Society 1995 – present.

Member, Mississippi Chapter of AFS, 1993 – 1996.

Member, Publication Awards Committee, Transactions of the American Fisheries Society, 1993.

Member, Student Subsection of the Education Section of the AFS, 1991 - 1996.

Subsection President 1991 - 1992.

Member, Auburn University Chapter of the AFS 1990 - 1992.

Chapter President 1990 - 1991.

Member, Alabama Fisheries Association 1990 – 1997.

Member, AFS 1989 – present.

Education Section 1991 – present.

Fisheries Management Section 1992 – present.

Member, Texas A&M Chapter of the AFS 1988 – 1990.

Personal Honors

Student Service Award, 2013. Students United in the Research of Fisheries, University of Florida.

Award of Excellence, 2010. Fisheries Management Section, American Fisheries Society

Runner Up, Best Professional Presentation 2007. Allen, M., R. Myers, and M. Bivin. Simulated impacts of tournament mortality on largemouth bass fisheries. Florida Chapter AFS Annual Meeting, Ocala National Forest.

Best Paper, 2005. Pine, W. E., and M. S. Allen. Population trends for Gulf sturgeon in the Suwannee and Apalachicola Rivers, Florida. Florida Chapter American Fisheries Society, Ocala National Forest.

Finalist, Best Paper of the Year 2000, *North American Journal of Fisheries Management*. Allen, M. S., and W. E. Pine III. Detecting fish-population responses to minimum size limits: effects of variable recruitment and duration of evaluation 20:672-682.

Runner Up, Best Professional Presentation, 2000. M. S. Allen and W. E. Pine III. Can fishery managers detect fish-population responses to minimum size limits? Florida Chapter of the American Fisheries Society, Brooksville, Florida.

Outstanding Graduate Student Award, Department of Wildlife and Fisheries Sciences, Mississippi State University, 1994-1995

Honorable Mention for Best Student Paper Award, Mid-Year Technical Session, Southern Division of the American Fisheries Society, 1994

Skinner Award Recipient, American Fisheries Society, 1991

Outstanding Undergraduate Fisheries Student Award, Texas A&M University, 1990

Rick Beck Memorial Scholarship, Texas A&M University, 1990
